## About Us

Urban Arms & Shotgun has been producing spare parts for firearms and tactical weapons since 2008. Besides producing spare parts The company started to manufacture shotguns under its brand in 2016. Nowadays under Urban Brand, you can order more than 100 models of shotguns and rifles.

Through its expertise and global distribution network, Urban Arms & Shotgun has established business relationships with The United States, Canada, the European Union (EU), Latin America, Central Asia, Central Europe, and Africa.

Our company specializes in spare parts for tactical weapons as well as shotguns. It continues to develop in the field of tactical weapons with licenses given by the Turkish Ministry of Defense.

Urban Arms & Shotgun has expert staff in the production, international trade, branding, and marketing processes.

## Our Vision

To offer profitable, competitive, and quality products to our business partners. Sharing our production power with our business partners.

## Our Mission

To establish transparent, honest, collaborative, quality, and result-oriented business relationships. Developing flexible, fast, and innovative solutions.

## Our Principles & Policy

It is our basic principle and policy to ensure and maintain customer trust.

We focus on competitive pricing and stable quality.

We believe in teamwork and loyalty. We are solution-oriented.

We are unconditionally committed to our customers, our commitments, our products, and our principles.
